The diagram consists of two parts. The top part shows two variables, X_1 and X_2 , connected by a double-headed horizontal arrow. The bottom part shows two variables, Z_1 and Z_2 , connected by a double-headed horizontal arrow.

FIG.52

FIG. 53A

FIG. 53B

The diagram illustrates two separate coordinate systems. The first system, on the left, consists of a vertical axis labeled X_1 and a horizontal axis labeled X_2 . The second system, on the right, consists of a vertical axis labeled Z_2 and a horizontal axis labeled Z_1 .
